Education

2026 – **Ph.D., Neural Science**, New York University

2020 – 2024 **B.S., Computational and Systems Biology**, University of California, Los Angeles (UCLA)

GPA: 3.987/4, *summa cum laude*

Research Experience

2024 – 2026 **Technical Associate**, McGovern Institute, Massachusetts Institute of Technology

PI: Mehrdad Jazayeri

2023 – 2024 **Undergraduate Researcher**, W. M. Keck Center for Neurophysics, UCLA

PI: Mayank Mehta

2021 – 2022 **Undergraduate Research Assistant**, Department of Neurobiology, UCLA

PI: Alcino Silva

Publications

2020 Feng, Y., Jiang, C., Yang, F., Chen, Z., & Li, Z. **Apocynum venetum leaf extract protects against H₂O₂-induced oxidative stress by increasing autophagy in PC12 cells.** *Biomedical Reports*, 13, 6.

Posters / Presentations

2025 **Perturbing the brain to investigate the neural mechanisms of internal error detection**, Society for Neuroscience (SfN) Annual Meeting

2024 **Multi-sensory mechanism of hippocampal spatial selectivity**, UCLA Undergraduate Research Week

2024 **Rats watching movies: Higher-order neural representation of continuous visual sequences in the rat hippocampus**, California Neurotechnology Symposium

Awards / Honors / Fellowships

2025 McGovern Institute Spot Appreciation Award

2024 Phi Beta Kappa

2023 UCLA Undergraduate Research Fellowship (\$3000)

Skills / Hobbies

Experimental Electrophysiology, behavioral training, cranial surgery, CAD modeling

Programming Python, MATLAB, LaTeX

Languages Chinese (native), English (fluent), French (intermediate)

Hobbies Photography, tennis, movies, travel, calligraphy, origami, drawing, graphic design
